

Insight Visit

Over the past few years, Carole and Ian Ford have been organising Insight visits to see our work in Romania. In September 2009, for the very first time, a Scottish Insight visit was organised to see the work of the Hospice first hand and experience a little of the country.

The Scottish supporters were accommodated at the Casa Marina ski chalet, located in the picturesque resort of Poiana Brasov, made available to us for the purpose of the Insight visit.

Day 1: Visit patients with the home care team plus a visit to the in-patient hospice in Brasov

Day 2: Visit the Rural team in Fagaras and then on to Sibiu to see sights of this atmospheric town.

Day 3: Our supporters returned to Bucharest via Peles Castle and visited the out-patient clinic in the city.

Day 4: Before flying home, our supporters had time to visit Ceausescu's People's Palace.

Most of the meals, except breakfast, were taken in the local taverna and, in Bucharest, the splendid Caru cu Bere. The weather throughout the trip was pleasant and dry, just as a British summer should be!

If you wish to join an Insight visit, please contact;
